

FONDA

Our cocktail list is anchored in agave, featuring a dedicated Paloma section and reimagined classics replicating Mexican flavours with British ingredients.

Our wines feature a selection of lesser-known regions and grapes, favouring smaller, quality-driven producers and lighter, intensely aromatic styles to complement the food.

Please inform us of any allergies before ordering. Whilst every precaution is taken, we cannot guarantee the total absence of allergens in our dishes due to the proximity to allergens both on site and on our suppliers' premises. A discretionary service charge of 15% and a cover charge of 1.5 per person for unlimited Belu filtered water will be added to your bill.

SOTOL

Sotol is crafted from Dasylirion, or the Desert Spoon plant. Distinct from Agave, this succulent hails from the arid heartlands and mountains of Chihuahua, Coahuila and Durango. Although a cousin of Agave, the flavour profile is distinct - resinous, grassy and bright in the mountains, and earthy, spiced and honeyed in the desert.
